

SPOT HOPPPING

There are so many amazing spots to see in Egypt. It would be a shame to spend all your holiday just on one spot.

Depending on the level and the wishes of the customers, the wind conditions and the weekly schedule we bring you to any spot you wish between El Gouna and Safaga.

You wanna go kite one day on a crowded, fancy and very socialized spot, no worries, we know the best places.

You prefer the other day to kite on a lonesome island without other kites bothering you, we will make your wish come true.

You wanna do a private downwinder accompanied by a zodiac just for you and your friends, no problem!!
