

# KITE SAFARIS

A kitesafari is a must for all kite addicted people.

You spend one week on a very modern VIP Yacht and enjoy a very luxury stay. Together with other people with the same passion you will feel the vibe of kitesurfing and never forget this amazing experience

Our crew gives you the best service from early morning sunrise sessions to your late sunset session.

There are no borders and you can kite the whole day at the most exciting spots in the red sea.

From a group of at least 15 people we can organize for you your private safari. Just get in touch with us, or check out our available dates for open Safaris.
